

# The Fernweh-Mobil®

## Off-road traveller cabin for pick-ups

With the help of the different extension levels you have the possibility to create your own individual pick-up cabin, your Fernweh-Mobil. The satisfaction of our customers is of particular importance to us. Therefore we are at your side from the planning to the final delivery. Share with us the experience of creating your Fernweh-Mobil.

# The Fernweh-Mobil®

## The cabin for all pick-ups

Benno Cramer

## Index

Pick-up cabins provide the best possible solution for individual, easy and independent travelling.

The advantages of our Fernweh-Mobil are quite obvious.

### Perfect reasons to get the Fernweh-Mobil.....

- ...bright and spacious interior,
- ...the complete interior furnishing remains fully accessible when the sleeping area is pulled out and even when the roof is closed,
- ...there is room for the whole family,
- ...off-road mobility guaranteed through compact outer dimensions,
- ...light-weight,
- ...extremely robust GFRP shell,
- ...saves the second car,
- ...fast and easy mounting and removal by using a lifting cart,
- ...suitable for nearly all types of pick-ups,
- ...use of a trailer and registration by the TÜV possible.

Extensively tested, proven in travel and rated absolutely perfect.

## Empty cabin “Fernweh-Mobil”

The compact dimensions of the pick-up camper have been designed to make them usable for all types of pick-ups in various ways. Durable quality is guaranteed by the use of high-class materials. Sloped walls enlarge the usable space and create a very comfortable atmosphere. The low weight is an additional advantage.

### Item-No. 1050001 empty cabin

dimensions closed roof  
approx. L 350 x W 188 x H 163 cm  
dimensions opened roof  
approx. L 350 x W 188 x H 230 cm  
weight: approx. 190-210 kg

#### including:

- high quality , weather resistant, glass fibre reinforced plastic ( GFRP)
- the GFRP – frame is extremely robust
- colour: white
- inner surface is sealed

- raisable roof with two gas- springs
- aluminium – supporting frame for the roof
- incl. mounting set:
  - 4 pieces ring nuts out of stainless steel
  - 4 pieces Wantenspanner bracket/ bracket out of stainless steel
  - 8 pieces shackles
  - 4 pieces anchor chains (customise on site)
  - 4 pieces round slings
- without door, windows, roof tent, construction for storing, configurations and accessories

Durable quality and sustainable worth are only two of the many advantages found in the Fernweh-Mobil.

## Flap-door / roof tent

The two-part door opens upwards and downwards. Premium hinges are built in for the flap doors. The upper half of the door is held up by two pneumatic springs and locked with an espagnolette lock. The lower half is equipped with a loop handle bolt and held open by ropes. A sturdy aluminium step is installed to get off safely. The clear height of the door is approximately 730 mm. A fixed window can be included in the upper door (Item-No. 1050013).

**Item-No. 1050010 flap door, divided into two including:**

**flap door opening upwards (without window)**

- with 2 gas springs incl. espagnolette lock
- BKS profile cylinder with 3 keys
- door opener set
- hinges
- incl. mounting

**flap door opening downwards**

- with holding ropes
- stair out of stainless steel
- loop handle bolt
- hinge
- incl. mounting

**Item-No. 1050011 roof tent for raisable roof including:**

- high quality, tear-resistant and water repellent canvas (100% polyester) for the raisable roof
- one side coated with acrylate and impregnated
- colour: sisal
- 2 mosquito nets on the side (100% polyester)
- 2 triangle windows each with 2 zippers
- dimension of triangle windows approx. L 160xH50cm
- 6 inserting aids for the canvas
- incl. mounting

The triangle windows on the left and right side permit an ideal air ventilation.

Hurdles are there to be overcome. Our Fernweh-Mobil brings you to any destination.

## Flipper windows / skylight / fixed windows

### Item No. 1050012 flipper windows including:

- 2 pieces Seitz S-4 flipper windows
- dimension approx. W 50 x H 35cm
- mosquito net
- dimming curtain
- safety bar
- colour: black outside, off-white inside
- incl. mounting

### Item No. 1050426 skylight FlushLine including

- skylight FlushLine
- inside width of the window approx. 480x480 mm
- equipped with friction - hinges, allows a stepless opening of the skylight up to 180° and no anchors are necessary
- a very plain skylight, only 24mm over the roof
- frame out of stainless steel, silver anodised
- acryl glass, colour smoky grey, CE- certificated glass strength: 8mm, frame flanging radius: 42mm
- incl. fly-screen and dimming curtain
- weight approx. 6,5kg
- incl. mounting

### Item No. 1050013 fixed window inside the door including:

- window glass out of 4mm ESC safety glass
- ECE-guideline „43 R“
- inside width of the window inside the door approx. W 28x H48 cm
- fixed inside rubber-joints
- incl. mounting

### Item No. 1050014 fixed window in the front including:

- window glass out of 4mm ESC safety glass
- inside width of the window inside the door approx. W 48x H28 cm
- fixed inside rubber-joints
- incl. mounting

Discovery trips to far away countries with the “Fernweh-Mobil” and the whole family. Your own home on four wheels is always with you.

## Bed in the alcove / insulation

The mattresses get well aired by the slatted frame, as in any normal bed. The shape of the roof of the “Fernweh-Mobil” offers sufficient room for the head and feet and allows to lie in both directions. The complete furnishing, such as toilette or kitchen, can be used even when the bed is pulled out. The upper slatted frame can easily be pushed into the alcove together with the mattresses. Thus the bedding can be stored in the alcove in a space-saving way for the whole trip.

### **Item No. 1050016 bed in the alcove** including:

- size of the bed approx. L210xW160 cm
- 2 slatted frames each approx. L 105xW 160cm
- 2 mounting brackets out of stainless steel
- incl. mounting

### **Item No. 1050015 insulation** including:

- polyethylene block foam
- covered with carpet (100% polypropylene)
- 2 roof handles
- 2 LED – spots with switch, swivelling
- T – tracks for curtain
- incl. mounting

Prior to installing the insulation, cable ducts for electricity are laid inside the camper. The insulation consists of polyethylene block foam, which is glued throughout the empty camper and covered with carpet. (Installation of electricity is recommended during this extension level). Subsequently the T-rails for the bed curtain and the handles for pulling down the roof are screwed in the respective places. The LED-spots under the ceiling provide enough lighting.

The big adventure or a beautiful weekend just around the corner.  
Allow yourself to be surprised by your own ideas.

## GFRP furniture / seat cushions / mattresses / curtain

The furniture is made of high-quality, weather-resistant, glass fibre reinforced plastic (GFRP) with manual lamination. The focus is always on functionality.

The mattress is split to allow storage in the alcove. The seat cushions are shaped in a way to enable separate opening of the single storage doors and to provide additional bed surface.

### **Item No. 1050017 GFRP – furniture including:**

- 1 bench right with 2 storage shelves
- 1 bench left with 3 storage shelves
- 1 bench middle with 1 shelf
- 1 kitchen module (without cooker)
- 1 cupboard
- 1 holder for cooler
- 2 boards for the central corridor
- incl. 2 high quality fittings for the flaps
- 1 U – swing – aside table -
- incl. floor covering
- incl. mounting

### **Item No. 1050018 seat cushions, mattresses, curtain including:**

- 2 mattresses, strength: 80mm (size of the bed approx. L210xW160 cm)
- 6 seat cushions for the lounge (U-form) and the central corridor, strength: 50mm
- filled with foam (100 % polyether-foam)
- covering out of microfiber (80% cotton, 20% polyester) cantara-optic with spot-protection, coated water-repellent
- all coverings with zippers
- coverings in 20 different colours, selectable form the colour chart
- curtain out of double-fleece (100% polyester) around the bed area incl. fastenings

Feel the nature and camp in the most beautiful spots. Leave your every day routine at home.

## Technical configuration

The interior offers detailed and sophisticated solutions, was developed based on our own experience and tested on travels. Even with a closed roof comfortable use of all furnishing parts is guaranteed. The additional gas port outside can be used for open-air barbecues.

**1 Item No. 1050019 equipment for the kitchen, gas, water electrical energy, toilet including:**

- 1 WAECO compressor cool box CFX35 approx. 32 litre (incl. 4,5 litre fresh- tray, 12V/24V / 100-240V, incl. USB – charging connection
- 1 combination cooker/sink, cooker 2- flames, incl. pump
- 1 gas cylinder 5 kg, filled
- 1 water tank approx. 50 litre removable, with two huge openings for cleaning
- 1 water – filler neck from the outside
- 1 septic tank approx. 10 litre
- 1 earth – leakage trip (FI) and security for the plug socket
- 1 AGM- battery 95Ah for the supply of the cabin

- 4 plug sockets 220 Volt
- 2 plug sockets 12 Volt
- 1 gas – plug socket outside with fast-acting valve and lock
- 1 feed in plug CEE from the outside
- 1 adapter cable with CEE- connector and Schuko ( two-pin earthed ) plug
- 1 adapter cable with CEE plug and Schuko – coupling
- 1 Porta Potti toilet from THETFORD
- 1 fire extinguisher 1 kg
- incl. mounting

Bild © Roland Ehry

Stop in scenic places. Enjoy your personal wellness time.

## Lifting cart / anti-slip mat

... the lifting cart does not need much space for disassembling (parking space remains free),  
 ... only one strong person is necessary to lift the cabin from the truck,  
 ... the cabin can be easily moved on even ground,  
 ... the cabin can be loaded and unloaded also while standing on the lifting cart,  
 ... the lifting cart can be adjusted to the vehicle width and –height  
 ... it is a patented system.

### Item No. 1050301 construction for storing including: galvanised

- metal construction galvanised
- dimension approx. L200x H 132/149 cm
- width inside approx. W200 up to 230 cm
- folding dimension approx. L250 x W 50 x H 132 cm
- 4 lifting jacks hydraulic and adjustable in height
- 2 fixed rolls for heavy loads
- 2 rolls swivelling with arrester
- adjustable in width

### Item No. 1050416 anti – slip mat 5mm Item No. 1050419 anti – slip mat 10mm including:

- dimension approx. L180 x W 125cm
- strength 5mm or 10mm
- colour: black
- rubber surface
- anti-slip mat is permeable for water
- high compressive strength and elasticity
- incl. mounting

The anti – slip mat prohibits that the cabin slips and provides an additional protection of the loading platform.

Travelling on rough roads.  
With our Fernweh-Mobil you can travel also off the beaten tracks.

# Photovoltaic system / charging controller / battery charger / diesel park heater

## Item No. 1050610 photovoltaic system including:

- 1 monocrystalline solar panel 100 watt, dimension approx. L 120,5 x W 54,5 x H 3cm, 8,5 kg
- 1 solar control unit with graphic- LC –display, manual circuit breaker, calculator of the charging condition, USB charging connection
- cable for solar panel
- 4 Airline- anchor rails
- 4 T- fixtures incl. screws
- 2 anchoring clips for the Photovoltaic system
- incl. mounting

## Item No.1050510 automatic charge controller including:

- automatic charge controller for loading over the automobile battery during the ride ( additional connection of a solar module is possible)
- incl. cable (connection to the vehicle has to be done by the customer)
- incl. mounting accessories and mounting of the charge cable in the cabin

## Item No. 1050512 battttery charging device 5 A including:

- fully automatic 12 V-charging device with 8 charging stages
- charge rate at 12V: 0.8 + 5 A
- wide loarding rangefor all lead-acid batteries from 1,2 Ah up to 110 Ah with additional compensation charge capacity up to 160 Ah
- splash water - and dust protected (IP65)
- non-arcng, reverse battery protection and short-circuit proofed
- temperature compensation
- activation of batteries with sulphate content
- reactivation of very low discharged batteries
- trickle charge for a maximum durability
- incl. wall holder, connection cable and mounting material
- incl. mounting

## Item No. 1050620 Webasto stand heater including:

- Webasto STC 2 kW heater with ceramic technology
- incl. multi control with timer function and switch
- high economic feasibility
- low noise level
- infinite control from 0,9 to 2,0 kW
- fuel: diesel
- fuel consumption: 0,12 – 0,24 l/h
- maximum rated input power: 9-22 watt
- weight incl. dosing pump: 2,6 kg
- canister diesel 5l
- suction pipe for diesel canister
- incl. mounting

Ultimate reliability guarantees fascinating experiences and creates unforgettable memories.

The holder for a canister is easy to attach to a strong surface by four screws. Make sure that the padlock is strong enough to hold back a falling canister and prevent it from falling down further. The canister must be doubly secured against loss (only for use outside of the EU and Switzerland)

# Holder for sand ladders / sand ladders / holder for canister / rear ladder/ awning

## Item No. 1050410 holder for sand ladders, set for 2 sand ladders

### including:

- 2 strong holding hooks galvanised incl. fixing
- 2 fasteners with fastener straps out of spring steel, holding fixture galvanised incl. fixing
- 2 support rails incl. cover caps and safety screws
- 2 shut-off lashes (without lock)
- incl. mounting

Holder for two sand plates, adjustable to different hole distances. The extremely robust holding hooks and the tension locks with spring steel can be quickly fixed to and removed from the holding rails. The holding rails can only be attached to strong surfaces. According to the road traffic law the lower edge must have a minimum clearance of 2 meters if the holder exceeds the vehicle width.

## Item No. 1050311 sand ladders, aluminium

## Item No. 1050312 sand ladders, aluminium/black z

### including:

- 2 pieces sand ladders, aluminium
- dimension: approx. L1250xW445xH4mm
- aluminium nature or black powder coated

## Item No. 1050401 holder for canister, aluminium nature

## Item No. 1050404 holder for canister, aluminium/black

### including:

- holder for the canister, plain, for 20 litres canister aluminium nature or aluminium black powder coated
- dimension approx. L 50 x W 36 x H 4cm
- usable for BW-metal and plastic canister
- incl. tension belt
- incl. security- flaps for the padlock secured against loss and thievery
- incl. mounting and mounting material

## Item No. 1050440 Gordigear Guntree awning

### including:

- dimension approx. W 250 x D 200 cm
- allover aluminium frame
- tough tourcover with zipper protects the awning from rain and dirt
- mounting incl. attachments with approached holder for the Fernweh-Mobil

## Item No. 1050413 rear ladder, galvanised

## Item No. 1050413s rear ladder, galvanised/black

### including:

- square tube galvanised or additional galvanised/black
- 55% offset
- incl. mounting and mounting materia

## Item No. 1050445 Badwing compact awning

### including:

- 270° coverage, 6,4 m² covered area
- length approx. 2000 mm, weight approx. 19 kg
- mounting on the right side of the car
- material 210D P/OX W/R Ripstop
- 2000 mm water column, UV sun protection factor 50+
- with transporting bag, telescope bars, stretch ropes and tent pegs
- mounting incl. attachments with approached holder for the Fernweh-Mobil

Exciting impressions are followed by a relaxing evening filling you with anticipation for the next day.

## Garment bag / cutlery bag / mosquito net / winter package

### Item No. 1050203 garment bag with 1 compartment

#### including:

- garment bag with zipper
- tear-resistant and water – repellent canvas (100% polyester)
- dimension approx. L45xW30xD20 cm
- upper lap with input welt
- colour: sisal or mouse grey

### Item No. 1050202 garment bag with 3 compartments

#### including:

- garment bag, divided into three compartments with zipper
- tear-resistant and water – repellent canvas (100% polyester)
- dimension approx. L55xW60xD20cm
- upper lap with input welt
- colour: sisal or mouse grey

### Item No. 1050207 mosquito net for rear door

#### including:

- mosquito net splitted
- dimension approx. 160 x 60 cm/ each
- mounting with press buttons and ring- eyes to screw

### Item No. 1050204 cutlery bag

#### including:

- cutlery bag with 16 compartments
- tear-resistant and water – repellent canvas (100% polyester)
- dimension approx. L44xW29 cm
- 4 mounting eyes
- colour: sisal or mouse grey

### Item No. 1050209 winter package fleece curtains

#### including:

- curtains out of fleece (100% polyester) for an additional insulation of the tarpaulin
- 1 curtain for the back side, 2 curtains for both long sides up to the bed
- incl. mounting

Towards the horizon. There are no limits to your taste for adventure.

Ford Ranger

## Back door / bike carrier / mounting set for the cabin

### Item No. 1050423 back door double-Cab

#### including:

- back door frame galvanised, suitable for your Pick-up
- support plate out of aluminium chequered plate, Duett nature 2,5x4mm
- weight approx. 11 kg
- pre-assembled

### Item No. 1050417 substructure for VW Amarok and Ford Ranger

#### including:

- substructure out of wood and expanded plastic slab
- 2 anti-slip mats each approx. L180xW125 cm
- pre-assembled

### Item No. 1050424 bike carrier

#### including:

- angle bracket for the cabin
- holder for the bike carrier
- angle to the cabin
- 2 gas springs, 400N
- 1 Fiamma Carry-Bike UL carrier for 2 bikes, lifting capacity up to max. 55.kg
- 1 danger sign 50x50cm, plastic with 4 reflectors (danger sign not approved for Italy and Spain)
- weight approx. 18kg
- incl. mounting

### Item No. 1050427 mounting set for the cabin

#### including:

- 1 angle for the front incl. 2xM10 ring nuts
- 2 holder for the cabin 6mm, galvanised for the back (hole pattern has to be taken from the particular vehicle)

Toyota Hilux

The all-rounder in terms of usability and functionality.  
The possibilities are as varied as the Fernweh-Mobil itself.

## Special trailer / water – filter system / accessories

### Item No. 1050430 special trailer

- on request

### Item No. 3910530 table 90x60 with storage bag

#### including:

- table lamellas, base and storage bag
- 4 table legs adjustable in height
- small packing dimension
- dimension tabletop approx. 90x60cm

### Item No. 3910971 foldable chair, black

#### including:

- foldable chair incl. storage bag
- small packing dimension
- load capacity up to 100kg
- cover 100% polyester

### Item No. 1050701 water – filter system

#### including:

- Katadyn Soperdyn filter element (ceramic and activated carbon), flow rate up to 8,5 litres per minute, lifetime (litre) approx. 6.000 litres or 6 months
- cleaning sponge for the filter element
- installation filter case with seal
- holder for installation filter case with Gardena- coupling
- tube 2m , 10-13mm
- diaphragm pump self-sucking 12/24 V, 2,8 bar, connections 12-13mm quick fastener
- incl. Mounting

### Item No. 1050506 LED- reading lamp

#### including:

- flexible LED-reading lamp to go
- can be switched on and off, luminous flux 20 lm
- incl. mounting

### Item No. 6003001 water bag shower 20 litres

#### including:

- bag for drinking water, made in Switzerland 20 litres, approx. 60x45cm
- a butterfly valve is fixed on the opening, which can only be opened at the push of a button, 2 carrier handles
- special adapter for the connection between the water bag and the shower-tube 1/2"
- shower handle

### Item No. 6782660 net for small parts

#### including:

- net for small parts/ FE- frame net with a flexible net-element
- colour: black
- dimension approx. W 320 x H 220 mm
- dimension of the rhombus approx. 25 x 25mm

Enjoy unlimited freedom and amazing views.
