

The Fernweh-Mobil®

Offroad travel cabin for pickups

TravellerDays.de at Stöffel-Park, Westerwald

Become a part of our steadily growing Fernweh-Mobil® family.

The Fernweh-Mobil®

The offroad travel cabin for all types of pickups

Benno Cramer

Pickup travel cabins are the perfect solution for individual, simpel and independent travel.

The prime benefits of our Fernweh-Mobiles are obvious.

Good reasons for the Fernweh-Mobil®...

- ...bright and spacious interior
- ...even with the sleeping area pulled out and the roof closed, all furnishing components can be fully accessed
- ...there is room for the whole family
- ...off-road mobility guaranteed through compact outer dimensions
- ...light-weight construction
- ...extremely robust GFRP shell
- ...no need for a second car
- ...fast and easy saddle up and unsaddling by using a lifting car
- ...suitable for nearly all types of pickups
- ...use of a trailer possible
- ...regionally based production

Südnorwegen

You can configure your own personal Fernweh-Mobil® based on the individual expansion stages. Customer satisfaction is very important for us. Therefore we accompany you from planning to handover. Experience with us the creation of your Fernweh-Mobil®.

Basic cabin

Fernweh-Mobil®

In order to meet our customers desire for individuality, various configuration options are possible. The basic model, our basic cabin, already includes the most important components fully assembled by us and is ready to travel with little effort. These components are presented in more detail on the following pages. It creates space for your own design options or a subsequent expansion. By adding additional accessories a complete solution that is perfectly tailored to your needs can be created.

Item-No. 1050000 basis cabin Fernweh-Mobil®
consisting of:

Item-No. 1050001 Fernweh-Mobil® cabin

Item-No. 1050010 flap door, divided in two

Item-No. 1050011 roof tent

Item-No. 1050012 flipper windows, 2 pieces

Item-No. 1050015 insulation of the cabin

Item-No. 1050016 bed alcove (slatted frame)

Item-No. 1050017 furniture made from GFRP
with flaps, table

Item-No. 1050418 exterior lighting kit

assembly included

Lofoten, Norwegen

Extensively tried and tested on travel, found to be absolute perfect.

Empty cabin Fernweh-Mobil®

The compact dimensions of the pickup camper have been chosen so that it can be used for all types of pickups. To us the production of our cabins in the local Sauerland is of great importance. Long-term quality is guaranteed through the use of high-quality materials. The sloping walls allow for a large usable area and create a very generous spaciousness. Another advantage is the low weight of the cabin.

Item-No. 1050001 empty cabin Fernweh-Mobil®
bestehend aus:

- high quality, weather resistant, glass fibre reinforced plastic (GFRP)
- the GFRP - frame is extremely robust
- colour: white
- inner surface ist sealed
- raisable roof with two gas - springs
- aluminium - supporting frame for the roof
- dimensions closed roof
 approx. L 350 x W 188 x H 168 cm
- dimensions opened roof
 approx. L 350 x W 188 x H 230 cm
- weight: approx. 190-210 kg

- incl. mounting set:

- 4 pieces ring nuts out of stainless steel
- 4 pieces Wantenspanner bracket/ bracket out of stainless steel
- 8 pieces shackles
- 4 pieces anchor chains (customise on size)
- 4 pieces round slings

Sauerland

Whatever your day might bring, the Fernweh-Mobil® is the ideal companion on all of your ventures.

Flap door / roof tent

The split door can be opened upwards and downwards. High quality hinges are used for the flap door. The upper half of the door is held up with two gas pressure springs and locked with a drive rod lock. The lower half of the door is equipped with a loop handle drive bolt and can be held open with holding ropes. A sturdy aluminum step is attached for safe exit. The opening dimension of the door is approx. 730mm. A fixed window can be built into the upper door (see Item-No. 1050013)

Item-No. 1050010 flap door, devided into two consisting of:

flap door opening upwards (without window)

- with 2 gas sprins incl. espagnolette lock
- BKS profile cylinder with 3 keys
- door opener set
- hinges
- assembly included

flap door opening downwards

- with holding ropes
- stair out of aluminium
- loop handle bolt
- hinge
- assembly included

Item-No. 1050011 roof tent for raisable roof consisting of:

- high quality, tear- resistant and water repellent canvas (100 % polyester) for the pop-up roof
- one side coated with acrylate und impregnated
- colour: sisal
- 2 mosquito nets on the side (100 % polyester)
- 2 triangle windows each with 2 zippers
- dimensions of triangle windows each approx. L 160 x H 50 cm
- 6 inserting aids for the canvas
- assembly included

The triangle windows on the left und right side permit an ideal air ventilation.

West-Alpen

Obstacles are there to be overcome. The Fernweh-Mobil® will take you to any destination.

Flipper windows / skylight / fixed windows

Item-No. 1050012 flipper windows consisting of:

- 2 pieces of Seitz S-4 flipper windows
- dimension approx. W 50 x H 35 cm
- mosquito net
- dimming curtain
- safety catch
- colour: black outside, cream inside
- assembly included

Item-No. 1050426 skylight FlushLine consisting of:

- skylight FlushLine
- inside width of the window approx. 480x480mm
- equipped with friction - hinges, allows a stepless opening of the skylight up to 180° and no anchors are necessary
- a very plain skylight, only 24mm over the roof
- frame out of aluminium, silver anodised
- acryl glass, colour smoky grey, CE-certificated glass strength: 8mm, frame flanging radius: 42mm
- incl. fly-screen and dimming curtain
- weight approx. 6,5 kg
- assembly included

Item-No. 1050013 fixed window door consisting of:

- window pane made from 4 mm thick ESG safety glass, ECE directive "43 R"
- clear dimensions approx. W 28 x H 48 cm
- used in rubber seal
- assembly included

Item-No. 1050014 fixed window in front consisting of:

- window pane made from 4 mm thick ESG safety glass, ECE directive "43 R"
- clear dimensions approx. W 48 x H 28 cm
- inserted into rubber seal
- assembly included

Südnowegen

Expeditions in distant countries with the Fernweh-Mobill® and the whole family.
Your own home on four wheels is always with you.

Bed in the alcove / insulation

Just like a normal bed, a slatted frame is used. Thus the mattresses are very well aired. The roof shape of the Fernweh-Mobil® offers enough head- and legroom and allows you to get in to lie both directions. Even with the bed pulled out, all facilities, e.g. the toilet or the kitchen block, can still be used. The upper slatted frame with the mattress can be effortlessly stowed away in the alcove. In this condition you can store all bedding in the alcove during the trip while saving space.

Item-No. 1050016 bed in the alcove consisting of:

- lying area approx. L 210 x W 160 cm
- 2 slatted frames each approx. L 105 x W 160 cm
- 2 aluminum support brackets
- assembly included

Before the insulation is attached, the cable ducts for the electrics are installed in the cabin. The airline anchor rails on the roof and the pre-installed cabling in the roof allow the easy mounting of a solar system. Two LED surface mounted spots under the ceiling guarantee generous lighting.

Item-No. 1050015 insulation consisting of:

- Polyethylene block foam
- covered with carpet (100% polypropylene)
- 4 airline anchor rails on the roof
- cabling in the roof for mounting of solar panels with roof duct
- 3 roof handles
- 2 surface mounted LED spots with switch and wiring in the roof
- cable ducts and mounting plates for lights, etc.
- t-rails for bed curtain
- assembly included

@oziantravel

West-Alpen

Towards the horizon. Your urge for discovery is limitless.

GFRP furniture / seat pads, mattresses, bed curtain

The furniture is made of a high quality, weather-proof, glass fiber reinforced plastic (GFRP) laminated by hand. Practically functionality is the main focus.

The mattress is divided in two segments, so it can be easily stow in the alcove. The seat pads are designed so that the individual storage flaps can be opened separately. The additional lying area in the seating area can even be used, when the roof is closed.

Item-No. 1050017 GFRP furniture consisting of:

- 1 bench seat on the right with two storage compartments
- 1 bench seat on the left with three storage compartments
- 1 bench seat in the middle with a storage compartment on top and a storage compartment below (toilet)- 1 kitchen module with additional shelf (cooker not included)
- 1 cupboard, 1 aluminum cooling box holder
- high-quality fittings for the storage flaps included
- 1 U-swivel table, either in the central aisle or wall mounted
- flooring included
- assembly included

Item-No. 1050018 seat pads, mattresses, bed curtain

consisting of:

- 2 mattresses, 100 mm thick (lying area bed approx. L 210 x W 160 cm)
- 6 seat covers for U-shaped seating area and central aisle, 50 mm thick
- fillings made of polyurethane foam, ÖKO-TEX® 100, LGA tested for harmful substances
- fabric made of microfibre (100% polyester) with stain protection, water-repellent coating
- all covers with zippers
- 20 color options for covers, according to the color chart
- bed curtain made of fleece fabric (100% polyester) all around the sleeping area

Onega See, Russland

Feel nature and camp where it is most beautiful. The daily grind can be left behind.

Standard technical equipment

The interior is well thought out. Solutions down to every last detail were developed based on our own experiences, as well as tried and tested on our travels. Even with the roof closed, all components of the furnishing can be conveniently used. The additional external gas port invites you to barbecue underneath the open sky. All supply lines and their assembly are included.

Item-No. 1050019 equipment for the kitchen, gas, water, electrics, toilet
consisting of:

- 1 Dometic compressor / freezer cooler approx. 34 liters 12 V / 24 V / 100 - 240 V
- 1 Dometic cooker-sink combination, 2-burner stove, stainless steel sink, incl. pump
- 1 gas bottle 5 kg filled (room for a second gas bottle)
- 1 removable water tank approx. 49 l with two large cleaning openings
- 1 water filler neck from the outside
- 1 waste water tank approx. 10 l
- 1 FI safety switch and fuse for the sockets
- 1 AGM battery 95 Ah to power the cabin
- 1 double socket 230 V
- 1 socket 230 V
- 2 sockets 12 V
- 1 outside gas socket with quick-acting shut-off valve and lock
- 1 CEE feeder plug from the outside
- 1 adapter cable with CEE coupling and three-pin plug
- 1 adapter cable with CEE plug and Schuko rubber plug
- 1 Porta Potti from THETFORD
- 1 fire extinguisher
- including supply cables and assembly

Marokko

Enjoy unlimited freedom and fascinating views.

Power inverter / lithium battery / compost toilets / water tank level indicator

Item-No. 1050511 sine power inverter consisting of:

- Victron Energy power inverter 12 V, 500 VA
- 400 W power
- peak power 900 W
- protection class IP21
- weight 3.9 kg
- assembly included

The equipment components on this page can optionally be added for a surcharge to the standard design.

Item-No. 1050030 lithium LiFePO4 battery consisting of:

- LIONTRON LiFePO4 12.8 V, 100 Ah LX Arctic BMS with bluetooth, suitable for charge and discharge down to -30 ° C,
- dimensions: H 21 x W 35 x D 17.5 cm, weight 15.7 kg, assembly included

Item-No. 1050050 MiniLoo compost toilet consisting of:

- dimensions: H 44.5 x W 34 x D 40 cm
- made of birch wood, seat height 43 cm
- weight 8 kg, loadable up to 200 kg
- 2 9.5 l canisters for urine and solids
- 1 Kildwick Spillguard Kit- accessories for initial equipment included
- assembly of the separating toilet included
- custom-made GFRP furniture center part with higher insert

Item-No. 1050560 water tank level indicator consisting of:

- 1 Votronic fresh water tank level display
- 1 tank electrode 15-50 K Votronic
- cabling and assembly including

Item-No. 1050060 Trelino compost toilet consisting of:

- dimensions: H 28 x W 34.5 x D 40 cm
- seat height on trolley: 33 cm
- housing made of PE in the ordered color
- urine canister 3.5 l with lid (precision drilled)
- solids bucket 6 l with lid
- multi-layer wooden lid with holding magnets
- integrated toilet seat, made of one piece with top part for easy, hygienic cleaning

Sauerland

A great adventure or just a nice weekend around the corner.
Let yourself be surprised by your ideas.

- ... the lowering or lifting car can be dismantled to save space (parking space is free)
- ... only one strong person is necessary to lift the cabin from the pickup
- ... the cabin can be easily moved on a flat surface
- ... the cabin can be loaded and unloaded also while standing on the lowering or lifting car
- ... the lowering or lifting car can be adjusted to the width and height of the vehicle
- ... patented system

Lowering car / lifting car / anti-slip mat

Item-No. 1050303 lowering car galvanised consisting of:

- galvanized metal construction
- dimensions approx. L 200 x H 105/150 cm
- inside width dimensions approx. W 200 to 230 cm
- disassembled approx. L 200 x W 50 x H 105cm
- 4 hydraulic and height adjustable stamp jacks
- 2 fixed castors
- 2 swivel castors with brakes
- adjustable in width
- cabin height on lowering car approx. 225 cm

Item-No. 1050301 lifting car galvanised consisting of:

- galvanised metal construction
- dimensions approx. L 200 x H 133/139 cm
- inside width dimensions approx. W 200 to 230 cm
- disassembled approx. L 200 x W 50 x H 133 cm
- 4 hydraulic and height adjustable stamp jacks
- 2 fixed castors
- 2 swivel castors with brakes
- adjustable in width and height
- height of the cabin on the lifting car corresponds to the height on pickup, approx. 258 cm

Item-No. 1050416 anti-slip mat 6 mm

Item-No. 1050419 anti-slip mat 10 mm

consisting of:

- dimensions approx. L 180 x W 125 cm
- thickness 6 mm or 10 mm
- colour: black
- surface: rubber granulate
- anti-slip mat is permeable to water
- high compressive strength and elasticity
- assembly included

The anti-slip mat prevents slipping of the cabin and provides additional protection to the loading area.

lowering car

Pushing.

Lowering.

Pull out lowering or lifting car, tie down the cabin. Done!

Lofoten, Norwegen

Pause in picturesque places. Enjoy your personal feel-good time.

Photovoltaik system / automatic charging controller / battery charger / diesel park heater

Item-No. 1050610 photovoltaik system consisting of:

- 1 monocrystalline solar module 100 watt, dimensions approx. L 85 x W 67 x H 3.5 cm, weight 7.5 kg
- 1 MPPT 100/20 SmartSolar solar controller, Bluetooth etc.
- 1 graphic LC display, MPPT control
- 4 slot nuts including screws
- 2 mounting clamps for solar module
- including wiring in the cabin and assembly

Item-No. 1050510 automatic charging controller

consisting of:

- branded automatic charge controller for battery charging via the vehicle battery while driving (additional connection of a solar module is possible)
- incl. cable (connection to the vehicle by the customer)
- including assembly material and assembly of the charging regulator in the cabin

Item-No. 1050512 battery charger 5 A

consisting of:

- fully automatic 12 V charger with 8 charging levels
- charge current at 12V: 0.8 + 5 A
- wide charging range for all lead-acid battery types from 1.2 Ah up to 110 Ah with additional maintenance charging capacity up to 160 Ah
- splash-proof and dust-proof (IP65)
- spark-free, reverse polarity protected and short-circuit proof
- temperature compensation
- activation of batteries with sulphate content
- reactivation of completely discharged batteries
- pulse charge maintenance for maximum service life
- incl. wall bracket, connection cable and fastening material, assembly included

Item-No. 1050620 Webasto stand heater

consisting of:

- Webasto STC 2 kW heater with ceramic technology
- incl. MultiControl with timer function and altitude kit
- very economical, low noise level
- regulates continuously from 0.9 to 2.0 kW
- fuel: diesel
- fuel consumption: 0.12 - 0.24 l / h
- nominal power consumption: 9 - 22 watts
- weight including dosing pump: 2.6 kg
- suction pipe with filter for diesel canisters
- diesel canister 5 l
- aluminum canister holder for the loading area
- assembly included

High quality and intrinsic value are just two of the many advantages that the Fernweh-Mobil® are built from.

The holder for a canister is easy to attach to a strong surface by four screws. Make sure that the padlock is strong enough to hold back a falling canister and prevent it from falling down further. The canister must be doubly secured against loss (only for use outside of the EU and Switzerland).

Holder for sand ladders / sand ladders / holder for canister / rear ladder / awnings

Item-No. 1050410 holder for sand ladders set for 2 sand ladders

consisting of:

- 2 stable holding hooks galvanised incl. fastening
- 2 tension locks with tension band made of spring steel, galvanized lock bearing including fastening
- 2 support rails including cover caps and locking screws
- 2 locking tabs (without lock)
- including assembly

Holder for 2 sand ladders, the different hole spacing is adjustable. The very sturdy retaining hooks and latches from spring steel are easy to mount and dismount from the support rails. The support rails can only be installed on stable surfaces. According to the StVO, the minimum height of the lower edge is 2 m if the holder protrudes the width of the vehicle.

Item-No. 1050312 sand ladder

consisting of:

- 2 pieces aluminum sand ladders, black powder-coated
- dimensions approx. L 1250 x W 445 x H 4 mm

Item-No. 1050404 holder for canister

consisting of:

- canister holder flat for 20 l canister made of aluminum, black powder-coated
- dimensions approx. L 50 x W 36 x H 4 cm - suitable for military metal and plastic canisters
- incl. tensioning belt
- incl. safety strap for padlock against loss and theft (without lock)
- including assembly

Item-No. 1050440 Gordigear Gumtree awning

consisting of:

- dimensions approx. W 250 cm x D 200 cm, weight approx. 12 kg
- all-encompassing aluminum frame durable travel cover with zipper protects your awning from rain and dirt
- assembly including fastening with adapted brackets for the Fernweh-Mobil®

Item-No. 1050413 Heckleiter verzinkt/schwarz

consisting of:

- square tube galvanised, black powder-coated
- angled to 55 °
- including assembly and assembly material

Item-No. 1050445 Batwing Compact awning

consisting of:

- 270 ° coverage, 6.4 m² covered area
- length approx. 2000 mm, radius of 1.9 m, weight approx. 19 kg
- assembly on the right side
- material 210D P / OX W / R ripstop
- 2000 mm water column, UV protection factor 50+
- complete with transport cover, telescopic rods, guy ropes and pegs
- assembly including fastening with customized brackets for the Fernweh-Mobil®

Südnorwegen

The exciting impressions of the day are followed by a leisurely evening, which awakens the anticipation of the following day.

Stowage bags / cutlery bag / mosquito net / winter package

Item-No. 1050204 cutlery bag

consisting of:

- Bestecktasche mit 16 Fächern
- reißfester und wasserabweisender Zeltstoff (100 % Polyester)
- Maße ca. L 44 x B 29 cm
- 4 Befestigungs-Ösen
- Farbton sisal oder mausgrau

Item-No. 1050202 stowage bag

with 3 compartments

consisting of:

- stowage bag divided into 3 storage compartments with zippers
- tear-resistant and water-repellent fabric (100% polyester)
- dimensions approx. L 55 x W 60 x D 20 cm
- upper edge with pull-in piping
- shade of sisal or grey

Item-No. 1050203 stowage bag

with 1 compartment

consisting of:

- stowage bag with zipper on top
- tear-resistant and water-repellent fabric (100% polyester)
- dimensions approx. L 45 x W 30 x D 20 cm
- upper edge with pull-in piping
- shade of sisal or grey

Item-No. 1050207 mosquito net

for rear door

consisting of:

- split mosquito net
- dimensions approx. 160 x 60 cm each
- fastening with snaps and eyelets for screwing on
- including fastening

Item-No. 1050209 winter package fleece

curtain

consisting of:

- Fleece curtains (100% polyester) on the inside for additional insulation of the tarpaulin
- 1 curtain for the rear, 2 curtains for the both long sides up to the bed
- including fastening

Sauerland

An all-rounder when it comes to usability and practicality.
The possibilities are as limitless as the Fernweh-Mobil® itself.

bike rack / tailgate / cabin holding device / special trailer

Item-No. 1050424 rear bike rack

consisting of:

- fixing bracket for cabin, galvanised black
- basic holder for bicycle rack, galvanized black
- stop bracket on the cabin- 2 gas springs, 400 N
- 1 Fiamma Carry-Bike UL carrier for 2 bicycles, load capacity up to max. 55 kg
- 1 warning sign 50 x 50 cm, plastic with 4 retro-reflecting devices
- weight approx. 18 kg
- assembly included

Item-No. 1050430 special trailer

- on request

Item-No. 1050423 tailgate for double cab

consisting of:

- galvanized tailgate frame, suitable for your pickup
- aluminum checker plate overlay Duett natur, 2.5 x 4 mm
- weight approx. 11 kg
- pre-assembled

Item-No. 1050417 substructure for VW Amarok and Ford Ranger

consisting of:

- substructure made of wood and hard foam panels
- 2 anti-slip mats each approx. L 180 x W 125 cm
- pre-assembled

Item-No. 1050428 holding device

front and rear for cabin

consisting of:

- 1 stop bracket, galvanised for the front of the loading area including 2x M10 ring nuts
- 2 cabin brackets 6 mm, galvanised for the rear (Hole pattern must be adapted from the respective vehicle.)

Kola Halbinsel, Russland

Out and about on unpaved roads.
Das Fernweh-Mobil® allows for travel off the beaten track.

Water filter / external socket / outdoor shower / shower tent

Item-No. 6003001 water bag shower 20 L

consisting of:

- Swiss drinking water bag 20 l, approx. 60x45cm
- on the opening is a throttle valve, which opens only at the push of a button, 2 handles
- special adapter for connecting the water bag to shower hose 1/2 "
- shower hose approx. 1.5 m
- hand shower with spray shower head

Item-No. 1050701 water filter system

consisting of:

- Katadyn Superdyn filter element (ceramic and activated carbon), flow rate up to 8.5 liters per minute, lifespan (liters) ~ 6,000 l or 6 months
- cleaning sponge for filter element
- built-in filter housing with seal
- mounting bracket for built-in filter housing with Gardena couplings
- tube 2 m, 10-13 mm
- diaphragm pump self-sucking 12/24 V, 2.8 bar, connections 12-13 mm quick fastener
- assembly included

Item-No. 1050530 outdoor shower set 12V

consisting of:

- infinitely adjustable shower head with hanger and holder
- power cable with DC 12 V connection and on/off switch, length 5 m
- plastic water hose, length 2 m
- submersible pump with filter sponge, output 10 l / min, 40 watts

Item-No. 1050513 external socket 12V

consisting of:

- external 12 V socket with snap-on cover
- switch in the cabin
- IP 67 water-protected
- 10 A load capacity
- incl. cabling and assembly

Item-No. 1050545 outdoor shower tent

consisting of:

- fold-out shower tent / changing room
- outer cover made of robust tarpaulin in black
- bag for shampoo etc.
- bracket for hanging the shower
- LED light (operation via USB connection)
- dimensions folded approx. 1200 x 120 x 120 mm
- dimensions unfolded (floor space) approx. W 1030 x D 1030 x H 1700 mm
- variable suspension of up to 400 mm
- shower curtain on the side with door and zipper
- including airline rails and attachment to the cabin
- including assembly

Lofoten, Norwegen

The Fernweh-Mobil® offers comfort and includes “at home feeling”.

Accessories / maintenance

Item-No. 1050506 LED reading lamp

consisting of:

- flexible LED reading light for on the go
- can be switched on and off, luminous flux 20 lm
- assembly included

Item-No. 3910971 foldable chair black

consisting of:

- folding chair including transport bag
- small pack size
- loadable up to 100 kg
- cover 100% polyester

Item-No. 6782660 small parts net

consisting of:

- net for small parts/ FE- frame net with a flexible net-element, colour black
- dimensions approx. W 320 x H 220 mm
- dimensions of the rhombus approx. 25 x 25 mm

Item-No. 6030100 awiwa® toilet additive, 1 Liter free from chemistry, microbiological

Item-No. 3061374 rain streak remover, 500 ml

Item-No. 3061320 Tankrein Certisil CTR250P, 250 g

Item-No. 6062253 Marine wax, 300 g can

Item-No. 3914984 Multi-Grill with gas hose

consisting of:

- outdoor gas grill with accessories and carrying bag
- height approx. 45 cm, folded approx. 22.5 cm
- 30 mbar, 0 - 1.6 kW
- fat drainage tray, grill grate, grill plate, baking hood/wok
- weight approx. 4 kg
- incl. 150 cm gas hose for quick coupling

Item-No. 1050405 drinking water canister 22 L

consisting of:

- 22 l drinking water canister
- food-safe, natural color
- with integrated drain tap
- spout diameter: 48 mm
- dimensions approx. H 495 x W 350 x D 165 mm

Item-No. 1050403 plastic canister 20 L

consisting of:

- petrol can fuel canister 20 l
- olive green UN approval
- dimensions approx. H 485 x W 350 x D 165 mm
